

## 2L Student 2027 Summer Recruitment

### START YOUR LEGAL CAREER WITH TAYLOR MCCAFFREY LLP

Your summer student experience should be more than a line on your resume. It should be an opportunity to learn, contribute, build relationships, and discover the kind of lawyer you want to become.

At **Taylor McCaffrey LLP**, we invest in our students. From meaningful legal work and hands-on file experience to mentorship from experienced practitioners, our Summer Student Program is designed to give you the skills, exposure, and support you need to take the next step in your legal career.

### Summer Student Experience

We hire second-year law students to join us each summer with the goal of providing a meaningful introduction to the practice of law and to life at Taylor McCaffrey.

Students are assigned to a group of lawyers and work under the direct supervision of a designated principal. Your principal monitors the type and volume of work you receive, helping ensure that your summer is both challenging and rewarding.

We also recognize that every student brings different interests, strengths, and career goals. That's why we take an individualized approach to your summer experience.

You will be paired with a partner mentor who will support and guide you throughout the summer, while working with a diverse team of practitioners who can contribute to your professional development.
